Fergie's iridescent dress

We love the simple lines of this silk Oyster long-sleeve dress by All Saints (\$650; [us.allsaunts.com](#))—it stands out with its mix of metallic and colored sequins. We can also see it under a fitted denim jacket for a more casual night out.

Zoë Saldana's cocktail ring

Brazilian jewelry designer Graziela Kaufman uses over stones for her eye-catching pieces. The deep hue of her emerald Clear Factor ring (\$480; [grazielagem.com](#)) contrasts with the actress's LBD and white clutch.

Jessica Alba's bohemian outfit

Faux-suede sandals, flared-leg jeans, a flowy top—so '70s, so the actress and mother of two captures the vibe perfectly.

THE TOP

The loose, easy silhouette of Tory Burch's silk Iriana tunic (\$295; [toryburch.com](#)) would also look good untucked over a pair of skinnies.

THE SHOE

Aldo's sky-high Odens platforms provide comfortable support (\$55; at Aldo).
